Attn: Robert J. Wells

I am really excited over my Weather Guard roof and am so glad I have it on my house. The shingle style I got is so beautiful. One just has to see it to appreciate the fact that it really looks like shingle, but much prettier in the Weather Guard style, and to think that it has a lifetime warranty and I'll not have to worry about a worn out roof needing replaced.

I am very pleased with the workmanship in installation of the roof. Before workers left I had people looking at it. People didn't realize that steel roofs came in so many beautiful patterns and colors as Weather Guard has.

I'm glad I ask about you product. Thanks again.

Sincerely,

Polly Stumpe
